SUMMARY

React developer with experience building full-stack web applications and iOS apps, with 6 shipped projects including affiliate marketing platforms and live streaming apps.

PROFESSIONAL EXPERIENCE

Founder & Full-Stack Developer

SocialStar Technology Ltd

09/2023 – Present

Harpenden

Founded and ran a technology company building and launching multiple full-stack products.

- Designed, built, and shipped 5 production apps including a photo competition iOS app, affiliate marketing platform, and live streaming iOS app
- Developed cross-platform solutions using React, TypeScript, Swift, and Firebase
- Managed end-to-end product lifecycle: design, development, deployment, and marketing
- Built and managed an affiliate marketing system with automated payouts via Wise/PayPal
- Handled all business operations including product strategy, user acquisition, and partner management

Work Experience Student

Thrombosis Research Institute

05/2022 – 05/2022

London

Completed a week of work experience at a medical research institute.

- Assisted with administrative tasks and office operations
- Shadowed the technology team to observe software and data workflows
- Attended meetings to understand how technical teams support medical research

Web Developer (Freelance)

Zinnia Care Ltd

01/2023 – 02/2023

Hemel Hempstead

Built a website for a home care services company to establish their online presence.

- Designed and launched a professional website for a service-based business
- Delivered a self-manageable solution so the owner could update content without technical support
- Provided follow-up support and adjustments as needed

Web Developer (Freelance)

Pelican White Services Limited

09/2022 – 10/2022

Harpenden

Built a website for a facilities management company to establish their online presence.

- Designed and launched a professional website for a service-based business
- Delivered a self-manageable solution so the owner could update content without technical support
- Provided follow-up support and adjustments as needed

EDUCATION
